The candy is inside the bag!

## Instructions:

- Print pages 1-5 and put in order.
- Staple 4 times down the left side of the stack of paper.
- Next, use a paper cutter to cut the pages in half after you have stapled the booklet together. This process allows you to create two booklets at a time which is a time saving technique.
- Print the color picture of the pirate on cardstock, cut out, and attach to a popsicle stick.
- Read the story to the class and ask the students to move the pirate from place to place on each page.
