VALENTINE MAGNET TILES

Finding Valentine centers that actually build skills is hard.

Valentine's Day activities often look like:

-  Developmentally-inappropriate worksheets that kids don't like
-  Crafts that require lots of teacher prep
-  Activities that aren't playful and don't engage kids

You want something hands-on, meaningful, and easy to prep—without the chaos.

VALENTINE MAGNET TILES

That's where Valentine Magnet Tile Task Cards come in.

These task cards turn a classroom favorite—magnetic tiles—into a purposeful fine motor and pre-writing center for preschool and Pre-K.

Children build Valentine-themed designs while strengthening hands, improving coordination, and developing focus—all through play.
